

Support at the Push of a Button

MyTru Advantage and VRI are working together to give you 24/7/365 support at no cost to you. With a personal emergency response system (PERS), you have a team available at the push of a button to help you stay safe, independent, and connected.

How PERS Works:

1

Press your button whenever you require assistance

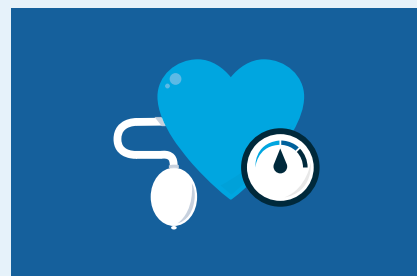

2

A representative from the VRI Care Center will speak to you over the unit to confirm if you need help.

3

The representative will dispatch appropriate assistance based on your preference, from a friend or family member to emergency responders
